## SECOND SATURDAYS: MIRALOMANS PITCH IN AND CLEAN THE CLUBHOUSE

### MPIC

The MPIC Second Saturday event is keeping the Clubhouse grounds and Clubhouse ship-shape. To date, outdoor areas have been cleaned and small improvements have been made at the Clubhouse. Second Saturday events occur the second Saturday of the month, from 10:00 am to 12:00 noon. The next Second Saturday takes place on September 11, 2021.

MPIC invites all who live in Miraloma Park to join the Second Saturday cleanup. To sign up, go to this link: <https://www.signupgenius.com/go/10C0D48A9A82DA2FB6-mpic>. If you have difficulty signing up and want to join a Second Saturday, send an email to [miralomapark@gmail.com](mailto:miralomapark@gmail.com) or leave a message at 415-322-0211.

After you sign up for the date you want to work, you'll receive a reminder email which may contain additional information, such as "bring gardening gloves." You'll also receive an email if the workday is cancelled due to rain or other necessity.

During Second Saturday, an MPIC Board member leads a team of 6 neighbor volunteers to work at the Clubhouse. The tasks include raking leaves, pruning bushes, sweeping up pine needles,

[ continued on page 2 ]

## Second Saturdays: Miraloman's Pitch In...

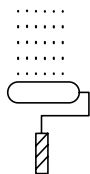

trimming vegetation, removing weeds, sweeping the Clubhouse steps. Most of the work is outdoors, but there may be indoor tasks too, such as sweeping floors, cleaning windows. Volunteers should wear a mask; COVID-19 precautions are still being followed while the Delta variant is with us.

Thanks to the summer crews: Aidan Baird, Tazi Coffee, Barbara Blair, Bryan Forman, Robert Gee, Todd Siemers, Joanie Van Rijn and Guido Van Rijn.

## When you want to win, choose Lynn.

## PRESIDENT'S MESSAGE

Todd Seimers

By the time you read this, I will have begun my two month term as acting MPIC President. I urge you all to get involved in the Club: join a committee, sign up to pull weeds at the clubhouse, meet neighbors, serve on the board. New ideas and new energy are welcome. Many writers have ascribed the rise of division and contentiousness in our contemporary society to the decline of small community organizations: PTAs, fraternal organizations, rotary and garden clubs, bowling leagues. Here's one right on your own block. We definitely don't always agree on every issue, but have more in common than social media friends who share every opinion.

Stephanie Boudreau Ma, President for July and August, organized a board potluck in late July. It was a wonderful event and allowed us to meet some of our newer members in person for the first time. The clubhouse has been reopening to some of our regular renters, after the long COVID shutdown. Universal indoor masking signs were posted the first week of August and the last chapter of the pandemic has yet to be written. The next board meeting will be on Zoom, September 2 at 7:00pm. As always, in order to attend or have an issue placed on the agenda please email [miralomapark@gmail.com](mailto:miralomapark@gmail.com).

Much of the August board meeting was taken up with discussion of the City's 2022 Draft Housing Element. This document will express the values guiding SF housing policy for the next eight years. The current version and comments can be seen at [www.sfhousingelement.org](http://www.sfhousingelement.org) in dizzying complexity. Although, for instance, the need to "repair the harms of historic discrimination" is a clearly laudable objective, less obvious would be the policies implemented to "ensure equitable geographic distribution of new multi-family housing throughout the city" or "identify community benefits that would allow streamlined approval of mid-rise multi-family buildings". At the state level SB9 and SB10 are currently working through the legislature. These are the latest versions of a campaign to invalidate local building codes through state level mandates. These could allow up to six units on residential lots without a need for garages, yards or public hearings, and override zoning, environmental and land protections. The argument against these bills has been made well on the editorial pages of the LA Times. The underlying matter is by no means black and white; California has, in recent decades, built inadequate housing, especially affordable housing. An August 1 editorial in the Chronicle identified single-family zoning as SF's "most toxic monument to racism". There's a lot of nuance in these areas and I encourage all of you to study them. If you believe that

public housing policy has little effect on your day to day life, imagine trying to park on your block when every other lot contains six units. Karen Wood and Karen Breslin of the MPIC Zoning and Planning committee have been studying all of this for many years. I'll invite them to share their knowledge in future issues.

I was curious about the work that has been taking place

*O'Shaughnessy Blvd Central Slope Restoration Project*

this summer on the rock outcropping above O'Shaughnessy Blvd and below Marietta Drive. My daughter loved to explore the 'rock mountain' when she was small. I remember walking there to view a city illuminated only by candlelight on the night of the 1989 Loma Prieta earthquake. On August 3, I spoke with Tim Bokelman of Drill Tech, the firm that has been contracted to complete this project for the SF Department of Public Works.

The "O'Shaughnessy Blvd Central Slope Permanent Restoration Project" will involve drilling approximately 65 holes into the face of the cliff, 5" in diameter and approximately 25' deep. The majority of these will contain threaded rock bolts, which will be grouted into the stone and secure large nuts and washers, and serve to pin the face of the cliff to the underlying material, similar to the washers one sees on the face of brick buildings which have undergone earthquake retrofitting. The remaining holes will contain threaded rods which secure wire mesh

draping over the brow of the cliff serving to restrain rocks that break free. The city has prescribed that care be taken that the mesh be made to conform to the rock face and be minimally apparent. Also in the scope of work was removal of loose debris at the base of the cliff. Approximately 230 tons of material were trucked away in order to create a level shelf at the cliff base so that any falling rocks will remain there rather than be deflected onto the roadway.

I asked Tim if they had made any interesting discoveries during the project, hoping to hear tales of ancient Ohlone cliff dwellings or pirate treasure. At the end of April, song sparrows were found nesting on the slope and, in keeping with California law, the project was placed on hold until late May when the fledglings left the nest. The project should be complete around the beginning of September.

Please stay safe and remain hopeful. - Todd

## SIGN UP FOR ALERTSF

AlertSF is a text, e-mail and phone-based notification system for San Francisco's residents and visitors that send alerts and instructions regarding emergencies disrupting vehicular/pedestrian traffic, watches and warnings for high heat, poor air quality due to wild fire smoke, tsunamis, flooding, and Citywide post-disaster information to your registered wireless devices, email accounts and phone numbers. AlertSF is owned and operated by the City.

Sign up for AlertSF text your zip code to:

## FAREWELL AND THANK YOU DEBRA ESTRIN

### MPIC

It is with both gratitude and sadness that the MPIC announces our long-time chair of the Safety Committee, Debra Estrin, will be stepping down this fall. She has brought an incredible amount of knowledge and expertise to the MPIC.

Debra was recognized by the SFPD as the July "Ingleside Citizen of the Month." Born and raised in the Miraloma Park neighborhood, with degrees in Criminal Justice Administration and the San Francisco Law School, Debra's work experience has had her working in law enforcement with

the State and Federal governments, at the State Bar of California, as a Prosecutor for the Tulare County District Attorney's Office, and as a self-employed attorney. Debra's involvement in community work took her to organizations that provided mentoring and scholarships for former foster youth that had a desire to attend college, and assisting teens that had dropped out of high school or had fallen behind scholastically. For the past three years, Debra has been on the Board of Directors of the MPIC and Chair of the Safety Committee. The Safety Committee promotes crime prevention through education, gathers and shares reports of criminal activity and safety tips with the Miraloma Park neighborhood, and performs safety-related advocacy for Miraloma Park with City agencies. Debra was invited by then-Ingleside Captain Hart to be a member of Ingleside Station's Community Police Advisory Board, providing her with the opportunity to be involved in National Night Out.

*"Serving on the MPIC Board and Safety Committee has been a wonderful experience. It is truly an honor to have had the opportunity to work alongside so many dedicated, hard-working people who share the desire to continue to keep Miraloma Park safe and prepared for any emergency. The Board and Committee members are an amazing group of people that I consider not just friends, but family."*

- Debra Estrin

---

## MPIC BOARD MEMBER ELECTIONS SCHEDULED FOR OCTOBER

### MPIC

The election of MPIC Board Members will take place in October 2021. Given the current COVID-19 situation, the election will be conducted electronically and by mail-in paper ballots. Here is important information about the election.

#### ELIGIBILITY

Eligible to vote are MPIC dues-paying members who are 18+ years old and who are members of MPIC as of September 6, 2021. Miraloma Life is distributed to every home in Miraloma Park. For the purpose of the election, "eligible voters" are those who pay annual dues to MPIC. A Membership Application can be found online at <https://miralomapark.org/join/> or call 415-322-0211 to request a membership application and mailing envelope. If you are not currently a dues-paying member and want to vote in the election, the MPIC must receive your annual dues by September 6.

#### HOW TO VOTE

Eligible voters will be able to vote electronically or by paper ballots. In early October MPIC will email a link to a ballot to all members for whom MPIC has an email address. The link will advise you how to vote electronically. In addition, the October issue of Miraloma Life will contain a paper ballot and instructions for those who wish to vote by mail. Eligible voters should cast one ballot, either electronically or by mail.

#### WHEN VOTING IS OPEN & CLOSED

The polls open on October 6 and will close at midnight, October 13. Electronic ballots may be cast between October 6 and 13. **Mail-in ballots must be received by MPIC by October 13.**

All votes will be tallied on October 14. MPIC representatives will count ballots cast by eligible voters and will ensure that only one vote per person is counted. The results of the election will be announced on the MPIC website and will be published in the November issue of Miraloma Life. Photos of the candidates for office and their brief statements are included in this issue.

Visit <https://miralomapark.org> for candidates' complete statements.

## MEET THE CANDIDATES FOR MPIC BOARD

Here are photos of the candidates for the MPIC Board, along with some information about each candidate. Visit the MPIC website for their complete candidates' statements. Running for the Board are:

### Stephanie Boudreau Ma

Stephanie and her family moved to Miraloma Park in 2017. In her spare time, she enjoys cooking and spending time with her five-year-old son. She's most excited to help MPIC connect younger families and build a stronger community.

### Karen Breslin

Karen has lived in the same Miraloma Park home since 1966. She has served in various leadership roles on the MPIC Board since 2005 including as President and Chair of the Transportation Committee. She is currently the Chair of the Zoning and Planning Committee and MPIC delegate to the Coalition of San Francisco Neighborhoods and the West of Twin Peaks Central Council. She is retired.

### Thomas O'Brien

Thomas is a litigation and estate planning attorney who has lived in Miraloma Park with his wife, Susan, since 2013. They have two young boys who attend Miraloma Elementary and Wind in the Willows Preschool. Thomas and his family have enjoyed many MPIC events over the years. Thomas joined the board in October 2018 after reading about the need for new board members in Miraloma Life. Since joining the board, Thomas has taken on the Membership Chair position, and led a past renewal drive that increased membership from 340 to almost 850 in less than three years. Thomas hopes to continue to help

increase membership by encouraging residents to look to the MPIC as a neighborhood social hub.

### Todd Siemers

Todd was born and raised in Wisconsin. He has lived in Miraloma Park since 1981 with his wife, Linda. Todd is a retired member of Carpenters Local 22. He is the chair of the Clubhouse Committee and assists the ZAP (Zoning and Planning) Committee. Todd and Linda are proud guardians of Maggie, the latest in a distinguished line of pets.

## THANK YOU: CORNERSTONE TRINITY BAPTIST CHURCH VOLUNTEERS!

In July, Jennifer Okano of the Cornerstone Trinity Baptist Church contacted MPIC, asking if their youth group could help maintain the Clubhouse grounds. It didn't take long for MPIC to accept! On July 22 a group of Cornerstone youth and adult volunteers spent more than two hours cleaning outdoor spaces of the Clubhouse. The volunteers were joined by MPIC's Robert Gee and Jean Perata. The group weeded planting areas, trimmed bushes and cleaned the parking lot, filling many bags of green waste. MPIC thanks the volunteers for their service!

## FREE MUNI SERVICE FOR SF YOUTH UNDER 19 & SFMTA RESTORES #36 BUS

During the pandemic Miraloma Park lost #36 transit service. SFMTA has been meeting with Supervisor Melgar twice a week to help restore transit service to the city and especially District 7. On August 15th SF MUNI restored the original #36 Teresita to its original route. It will not be combined with the #52 serving Diamond Heights. The frequency for this restored route will be every ½ hour. Miraloma Park has had recent struggles with timing the #36 on Myra Way. Transit planners have seen how two buses cannot pass each other on Myra Way without damage to sidewalks and to other infrastructure.

This new/restored service starts in time for the start of the 2021 school year. Mayor Breed also has announced that all youth under the age of 19 will have FREE MUNI service. This will allow parents the opportunity of using MUNI to transport their families with less expense.

Miraloma Park neighbors have stated their concerns to the SFMTA. Your voice is important and this transit service should reflect the community needs. If you have comments please send them to [miralomapark.org](http://miralomapark.org) or to Supervisor Melgar's Office at [megan.imperial@sfgov.org](mailto:megan.imperial@sfgov.org)

## RECENT NEXTDOOR POSTINGS REGARDING AUTO BURGLARIES AND GARAGE BREAK-INS

Debra Estrin, MPIC Safety Committee Chair

Reprinted below is a posting I made to Nextdoor in July 2021.

Although the number of auto burglaries and garage door break-ins in Miraloma Park are disconcerting, I find it also disconcerting that many people are not taking precautions to minimize the risk of becoming a victim. The Miraloma Life newsletter, which is delivered to over 2,200 homes in Miraloma Park, lists monthly crime statistics in the neighborhood that indicate an increase in these types of crimes. In addition to bringing this situation to the attention of the residents, there have been articles repeatedly written in the newsletter advising people NOT to leave valuables in their vehicle, not to leave their garage door remote in their vehicle, and how to secure their garage door in a variety of ways.

## MEET KAREN DSOUZA - MPIC's NEWEST PUBLICITY COMMITTEE MEMBER

Hello Miraloma Park:

My name is Karen Dsouza and I'm new to the neighborhood. Well, sort of new; I've been here a year already but people say the last year doesn't count.

As the newest member of the MPIC Publicity Committee I've volunteered to help run the MPIC Instagram account. Follow us at **@miralomapark** to hear more about what's happening around the neighborhood and feel free to like and tag us in your neighborhood adventures!

I live on Los Palmos Dr., with my husband,

Nolan and our pets. Before we moved here, we spent 4 years in SOMA and 3 years prior to that in the peninsula. What really drew us to the neighborhood is how vibrant and peaceful Miraloma Park is and all the gorgeous colorful houses (and plants) around. Now that we've been here for a bit, we feel blessed to be surrounded by our warm and welcoming neighbors.

A little history on us, I grew up in Bombay, India and my husband grew up in Houston, Texas. So we're both kind of far from home. Me just a tiny bit further than him. :)

In my spare time, I love to hike when it's nice out and bake when it's not. I hope to someday hit all the national parks in the country. It's a work in progress. On the baking front, I really enjoy trying to recreate my favorite baked goods and playing with different flavor combinations. I baked my own wedding cake which was equal parts exciting and nerve racking. My husband and I are both major foodies and spend most evenings experimenting with recipes or exploring restaurants. If you have recommendations for places to eat, hikes around or would like to swap recipes, we're all ears.

We look forward to meeting more of you as things get better with the pandemic. For now, we're happy to have found a sweet nook in the world that we can call home.

Sending you warmth for all those chilly foggy evenings.

[ continued from page 9 ]

## Recent Nextdoor Postings Regarding Auto Burglaries and GarageBreak-Ins

Additionally, a Safety Town Hall was held on Zoom in May, where these areas of concern were addressed with Ingleside Police Captain Jones and Assistant D.A. Evanthia Pappas. If you cannot park your vehicle in your garage, make sure there are no valuables in your car, and never leave your garage door remote in your car. You can secure your garage door in a variety of ways, which include using slide bolts or a lockdown brace, reinforce garage door windows with a protective coating, install a garage shield that blocks a hook from reaching the manual release, tie up the manual release cord, or use a zip tie to lock the manual release handle in place (make sure you have wire cutters close by to break the zip tie in the event of an emergency).

If you want to educate yourself on how to secure your home, and make your neighborhood safe, you can always contact SFSafe ([www.sfsafe.org](http://www.sfsafe.org)) for a free home security

evaluation, or to assist you in setting up a Neighborhood Watch on your block. You can also subscribe to the Ingleside Police Station Newsletter that provides a tremendous amount of information regarding crime in the area, as well as safety tips ([https://](https://www.sanfranciscopolice.org/stations/ingleside-station)

[www.sanfranciscopolice.org/stations/ingleside-station](http://www.sanfranciscopolice.org/stations/ingleside-station)).

There are monthly community meetings with Captain Jones that you can also attend in person and via Zoom.

SFPD is understaffed. For years there have been requests for more police patrols in Miraloma Park. However, this is not something that will happen in the near future.

Ingleside Police Station covers seven neighborhoods, most of which have much more serious criminal activity. That being said, we need to take some responsibility to reduce the potential of becoming a victim. We also need to watch out for our neighbors.

If you see something suspicious at or near your homes, call the non-emergency number or 9-1-1 if it's an emergency. Following these tips is not a guarantee that you will not be a victim of an auto burglary or garage door break-in, but it certainly will reduce the chances.

INCIDENT DATE	INCIDENT TIME	INTERSECTION	INCIDENT REPORT
7/20/2021	4:30 AM	Melrose Ave\ Congo Street	Burglary, Hot Prowl, Forcible Entry
Officers Watfts and Hoge responded to a report of a residential burglary. The victim stated that she heard her garage door open in the early morning hours and when she went to check, she discovered that two of her bicycles had been stolen from the garage. It was determined that he suspect(s) had burned a hole through a plastic portion of the door, and used an improvised tool in order to reach through and pull the door's manual release cord.
