## FOLK DANCING COMES TO MIRALOMA PARK

Linda García Milhoan

For me, interest in dance and music began in my childhood, at home and in elementary school. While a student at the University of Oregon, I enrolled in an international folk dance class. We danced to music and rhythms from other countries, in a variety of formations: holding hands in a circle, or dancing in lines behind a leader. I thoroughly enjoyed that class and knew I wanted to do more folk dancing in the future! After university, I was hired by Pan American World Airways and traveled to numerous countries around the world. A huge benefit of my job was the opportunity to learn more about other cultures including their dance and music traditions. Years later I took up folk dancing again at City College of San Francisco, just down the hill from my Miraloma Park home. At that time CCSF had a big dance department, offering a wide selection of classes. City College is where I heard about Changs International Folk Dancers and I subsequently became a member of this wonderful dance club.

The group is known formally as Changs International Folk Dancers, Inc.; for sharp-eyed grammarians, please note that Changs without an apostrophe is the correct spelling and not a "misstep." It is the oldest continuously-active folk dance club in the US, founded by Song Chang, a Chinese American artist. He had traveled in Europe where he encountered folk dancing in France and was impressed by the camaraderie and fun spirit of the dancers. Upon his return to San Francisco Chang began collecting music and learning/teaching some dances.

## CLEAN-UP AT THE MARIETTA ROCKS!

Jean Perata

On the morning of October 10, more than 20 neighbors gathered at the rocks on Marietta Drive to clean up the open space that overlooks O'Shaughnessy Drive. Kenneth Matthews, Bronough Hanley and Bryan Forman organized the event, coordinating with neighbors, the MPIC and San Francisco's Department of Public Works.

The volunteers included young and old, picking up trash and pruning overgrown bushes. About 90% of the trash in the area around the rocks proved to be broken glass. By the end of the three-hour clean up, the volunteers had filled more than 12 compost bags and partially filled 8 trash bags.

Commented Kenneth Matthews, "A big thank you to all the participants. The most important piece of the whole event was the people that showed up and did the physical work. It really benefits from having so many hands doing the tedious broken glass cleanup."

The Department of Public Works supplied trash bags, garden gloves, pickers, sharps containers, latex gloves, neon vests and graffiti remediation items. The organizers provided more suitable gloves for picking up broken glass and energy boosts for the volunteers in the form of coffee and donuts. At the end of the event, a Department of Public Works' crew picked up the compost and trash bags.

The Marietta Drive clean-up has been an annual event, scheduled in the Fall after the foliage has died down. It resumed in 2022 after a two-year hiatus caused by the COVID-19 pandemic.

*October 10 volunteer scouring the rocks for broken glass and trash.*

## MIRALOMA LIFE *NEEDS YOUR HELP!*

The Publicity Committee is looking for local talent to produce and deliver our hyper local newsletter. Your contributions will help our community remain informed and entertained. We are currently looking for **writers** of local news, **editors**, a person to **oversee the delivery of the newsletter to our carriers**, and a **graphics/layout** person or persons familiar with Adobe InDesign.

Join our fun group of neighbors celebrating our community! Please send a message to: [miralomapark@gmail.com](mailto:miralomapark@gmail.com). We look forward to hearing from you.

---

## PRESIDENT'S MESSAGE

Patti Moran - Acting President

After two years of service, I am very pleased to be re-elected to the MPIC Board, an organization here to serve our Miraloma community. Thank you to everyone who voted in last month's MPIC election. I will take over as Acting President for November and December 2022 as part of our

ongoing rotation. I also will continue to serve on the MPIC Finance Committee.

### **Yet it's Still Election Time! Voting Day is Tuesday, November 8th.**

Please exercise your right to vote and have your voice heard in both the San Francisco City & County and State of California elections. We will be voting on 7 California and 14 (!!) San Francisco propositions, and who will fill all of California's statewide offices. Miraloma is in SF's District 7 and is currently represented by Supervisor Myrna Melgar, who is not up for re-election at this time. California does offer early voting. Make your vote count.

### **Save the Date**

Very excited to announce the MPIC Holiday Party will return this year after a two-year hiatus. All residents and families are invited. Mark your calendars for Sunday, December 11 from 5:00pm to 8:00pm at the MPIC Clubhouse, and stay tuned to Miraloma Life for more details in next month's issue.

### **Gratitude**

During this Thanksgiving season, I am reflecting on all there is to be grateful for, especially after what we went through as a (global) community in the recent years. I am grateful for this neighborhood of caring and concerned citizens and am honored to serve on the MPIC Board with fellow volunteer Board members.

Wishing you all a peaceful and healthy holiday season!

---

## GARDEN OF THE SEASON

This front porch made a big impact on the person who submitted it for the Garden of the Season! Located on Marietta Drive. (image right)

## JOIN US FOR NOVEMBER SECOND SATURDAYS AT THE MPIC CLUBHOUSE

### MPIC

Second Saturdays at the Clubhouse – MPIC monthly event to tidy-up the Clubhouse grounds -- continues in November. Join some of the MPIC Board members for a quick, two-hour clean-up on Saturday, November 12. Second Saturday takes place from 10 a.m. - 12 noon.

Sign up at <https://www.signupgenius.com/go/10C0D48A9A82DA2FB6-mpic>.

If you have difficulty signing up and want to join the next cleanup, please send an email to [miralomapark@gmail.com](mailto:miralomapark@gmail.com) or leave a message at 415-322-0211. We look forward to seeing you among the volunteers.

Bring your gloves and hat; MPIC provides all other necessary equipment, such as rakes, gardening tools, brooms, etc. Your participation is very much appreciated.

MPIC thanks those who participated in the October Second Saturday. The Clubhouse grounds have never looked better!

## Folk Dancing Comes to Miraloma Park ...

He and six couples who danced together in North Beach eventually formed Changs in 1938. They performed some dances at the 1939 Golden Gate International Exposition (World's Fair) on Treasure Island. The club grew and at one time had over 250 members who danced several nights a week and performed at local festivals. Now the club has fewer members and dances on Friday nights at the MPIC clubhouse. Our members have come to folk dancing through various routes. For example, some were introduced to dancing as a family tradition, some joined friends or spouses in dance classes, others started as spectators at performances or saw dancing on TV. Many of our members participate in state and national events. We are enthusiastic dancers of all levels who enjoy the health and social benefits of our weekly dancing. Currently, we are in the initial stages of planning a folk dance program for young people.

**Come join us some Friday night! For more information, please email [changsdancers@aol.com](mailto:changsdancers@aol.com).**

## MPIC ELECTION RESULTS

### MPIC

The election for certain MPIC Officer and Board positions took place from October 6 to 13, 2022. Ballots were tallied on October 14.

The following people were elected to these positions:

#### Officers:

Mary Fitzpatrick, Treasurer  
Stephanie Boudreau Ma, Recording Secretary

#### Board Members:

Mary Fitzpatrick	Robert Gee
Cary Matthews	Tina McGovern
Patti Moran	Jean Perata
Darlene Ramlose	Joan van Rijn

This election was conducted using electronic ballots and mail-in, paper ballots. A total of 60 persons cast ballots in the election. MPIC thanks those who voted. MPIC also thanks those who were on the Election Committee: Robert Gee, Stephanie Boudreau Ma, Thomas O'Brien and Jean Perata.

The MPIC plans to return the MPIC election to June in 2023. As you recall, in 2020 the Board delayed the election date to October, given the COVID pandemic situation. With the current state, returning the election to June seems feasible.

## MOSQUITO ALERT

MPIC

The MPIC has received an email from Tina Priskich of Bella Vista Way concerning an infestation of mosquitoes in the area of Bella Vista/Dorcas/Molimo. Residents have contacted the DHP and as a result, inspection has begun of the sewers, backyards and other potential breeding areas for mosquitoes. In a follow-up email to the appointed Environmental Health Inspector, we learned "Minor sources were identified and treated. Inspections were made at about 20 properties. The next step is to schedule trapping to help identify sources (weather permitting)." Although most mosquito bites happen in summer, mosquitoes can breed year round in coastal California.

There are around 3,500 species of mosquitoes in the world. Of all of them, a few are responsible for the transmission of pathogens and parasites to humans and animals. The most common mosquito borne disease in the US is malaria, however, other pathogens borne by mosquitoes exist in California as well, including Zika and West Nile viruses. To help reduce the breeding of mosquitoes in your yard:

- Use screens on windows and doors. Repair holes in screens to keep mosquitoes outside.
- To keep mosquitoes from laying eggs in and near standing water: Once a week, empty and scrub, turn over, cover, or throw out items that hold water, such as tires, buckets, planters, toys, pools, birdbaths, flowerpots, or trash containers. Check inside and outside your home.

For more information about Public Health in California on many topics, please visit: <https://www.cdph.ca.gov/>

## MIRALOMA PARK SENIORS COMMUNITY CONNECTORS

**Exercise has resumed on Tuesday with Tai Chi and Thursday with Dance Exercise at 10:30 AM at Cornerstone Trinity Baptist Church, 480 Teresita Blvd.**

**We hope you can join us!**

If you are interested in attending, please contact Darlene Ramlose at [Darlene@sfcommunityliving.org](mailto:Darlene@sfcommunityliving.org) or by phone at 714-423-8844. You must sign up in advance as we will not accept walk-ins as space is limited due to COVID restrictions.

## SHOULD WE INCREASE BUILDING DENSITY IN SAN FRANCISCO?

Robert Gee

**Needs Assessment** Given the decline in San Francisco's population, has the need for 82,000 new housing units been studied and demonstrated?

New data released from the U.S. Census Bureau reports San Francisco had the largest percentage drop in population in the U.S. from early on in the pandemic to last summer..."The Bay Area's population growth has been slowing for decades. So from the 1980 census to the 2020 census," said Abby Raisz, a research manager for the Bay Area Council Economic Institute. "That's the big question. We don't really know what the new normal is going to look like...Is this just a pandemic related blip or this is a broader move away from high-cost areas?" Raisz asked.

[CBSNews.com reports 5/26/22: <https://www.cbsnews.com/sanfrancisco/news/san-francisco-post-pandemic-population-drop-steepest-among-major-us-cities>]

Population Estimates, July 1, 2021 (V2021)	815,201 *
PEOPLE	
Population	
Population Estimates, July 1, 2021 (V2021)	815,201 *

Population, percent change - April 1, 2020 (estimates base) to July 1, 2021, (V2021)	-6.7% *
Population, Census, April 1, 2020	873,965
Population, Census, April 1, 2010	805,235

\* Estimates are not comparable to other geographic levels due to methodology differences that may exist between different data sources.

<https://www.census.gov/quickfacts/sanfranciscocountycalifornia>

San Francisco's population continues to decline, although at a slower rate than in the period July 2020-June 2021

When the U.S. Census published its first estimates of population changes during the pandemic, San Francisco made headlines: The City logged the highest population decrease of any major U.S. city, with a drop of 6%, or nearly 55,000 people, from July 2020 to June 2021. Further analysis showed that young adults aged 20-34 accounted for two-thirds of the people who left the city at that time. These estimates align with the US Postal Service data, which point to the second half of 2020 and the beginning of 2021 as time periods with significant migration out of San Francisco.

bill.kan@candentcap.com

The California Department of Finance's Demographic Research Unit (DRU) is the official source of demographic data for state planning and budgeting. The DRU's latest estimates show that, indeed, a dramatic 40,000-person contraction in SF's population took place during the 2020 calendar year. But its data also show that population declines eased throughout 2021. The newest population estimates from January 2022 show that San Francisco's population dropped by 6,700 during the prior 12 months—far less than the 40,000 decline of 2020.

[SF Standard, 8/3/22 <https://sfstandard.com/research-data/new-analysis-san-francisco-pandemic-population-decline>]

### Water Resources

Is San Francisco's water supply adequate not only for the City's current population, but also for the significantly increased population on which the 82,000 new unit goal is predicated?

Voluntary action calls for 10 percent reduction in water usage system-wide

Mayor London N. Breed and the San Francisco Public Utilities Commission (SFPUC) today declared a water shortage emergency and approved measures aimed at further conserving and reducing water usage across the SFPUC's service territory in response to exceptionally dry weather conditions that have affected the entire state over the past two years.

As a result of the emergency measure, which the SFPUC unanimously approved, San Francisco has

declared a 10 percent reduction in water usage across its regional system. The 10 percent reduction will be compared to water use from July 2019 to June 2020 and will be applied to all of the SFPUC's 2.7 million customers, which include customers in San Francisco, Alameda, Santa Clara, and San Mateo counties. The call for voluntary water reduction will go into effect immediately.

[From the Office of the Mayor 11/23/21: <https://sfmayor.org/article/san-francisco-declares-water-shortage-emergency-response-statewide-drought>]

SFPUC's planning for SF water use in the years ahead assumes, given global climate change, greater frequency and severity of droughts, with the periods of rainfall between the droughts being of decreasing duration and thus, diminished opportunity for the water system to recover.

John Cote, communications director for the San Francisco Public Utilities Commission: "We are seeing more and more events that have a theoretical chance of happening once in a hundred years or longer, and in the U.S. we've experienced these more than once in 10 years. We need to be prepared."

(The environmental consequences of SF's water conservation plan are potentially devastating to Tuolumne River ecology, notably salmon whose population has dramatically declined.

Peter Drekmeier, Policy Director of the Tuolumne River Trust, said. "The historic count of salmon averages

## Should We Increase Building Density in San Francisco ...

around 100,000. Last year the count was 578. And 100 other species in that ecosystem depend on the keystone species of salmon.”)

<https://48hills.org/2022/04/does-sf-have-enough-water-to-give-some-back-to-the-salmon-and-the-ecosystem/>

Responsible planning clearly requires that City agencies, State of California Department of Housing and Community Development, and elected officials demonstrate to the public that these density increases are necessary—especially given current population decline trends and San Francisco water resources that may not support the addition of 82,000+ new residents.

9/8/2022	1:45 AM	EL SERENO CT \ RIO CT	Officers Welsh, Rechsteiner, Chang, and Abea were dispatched to the report of someone break-ing into multiple vehicles. While heading to the call, the officers spotted a subject who was carrying multiple bags and matched the description of the suspect provided by the 911 caller. The officers detained the subject without incident. The caller reported witnessing the suspect take items out of a parked vehicle's trunk. The officers contacted the registered owner of the vehicle, who reported a duffle bag missing out of his trunk. Said duffle bag was one of the bags the suspect was carrying when the officers detained him. The 911 caller positively identified the detained suspect as the person who stole the victim's bag from his trunk. The suspect was found in possession of stolen property, narcotics, and a burglary tool commonly used to break into vehicles. The suspect was arrested and charged for auto burglary, possession of stolen property, possession of narcotics, and multiple warrants.	Cite or Arrest Adult	220610225
