Re: Miraloma Park Neighborhood Involvement in the Long-Range Plan to Re-Envision Twin Peaks

Dear Mayor London Breed and the SF Board of Supervisors,

The Board of the Miraloma Park Improvement Club wishes to voice our unanimous support for the efforts to create a long-range plan to re-envision Twin Peaks and its natural areas.

MPIC strongly supports the Board of Supervisors in their resolution of May 17th for the various SF City Departments to think creatively by working with the small business community, the arts and cultural institutions, and others to develop a broad re-imagining of the potential future design and use of space in Twin Peaks. Most importantly for MPIC, we strongly support the Board of Supervisors to enforce the resolution that ***this project engages early and throughout the entire process with immediate neighbors, including Miraloma Park, and our community members in a collaborative process*** to address our safety and maintenance concerns.

Thank you for your attention in this matter.

Patti Moran  
President  
Miraloma Park Improvement Club

Cc – Supervisor Melgar – District 7
